

Certificate of Lot Analysis – Lot # 09-08-2016*

<i>Chemical & Physical Analysis</i>	
Assay (Protein on NFDM)	97.18 %
Protein (N x 6.38)	92.49 %
Moisture (Loss on drying)	5.31 %
Lactose	0.20 %
Mineral Ash	1.83 %
Fat	0.38 g / 20 grams

<i>Bacteriological Analysis</i>	
Total plate count	< 10 cfu/g
Yeasts & molds	< 10 cfu/g
Coliforms	< 10 cfu/g
Listeria	None per 100 grams
Salmonella	None per 100 grams
Staphylococcus Coagulase	None cfu/g

<i>Typical values per 100 grams (for general information only)</i>	
pH of 5% solution @ 25 C	6.5 +/- 0.3
Calcium (Ca)	300 mg
Chloride (Cl)	180 mg
Iron (Fe)	6 mg
Magnesium (Mg)	50 mg
Phosphorus (P)	190 mg
Potassium (K)	360 mg
Sodium (Na)	85 mg
Appearance	Cream colored powder
Foreign matter	None

Meets European and/or Codex standards for the following: heavy metals (arsenic, cadmium, lead and mercury), aflatoxins, dioxins, furans, melamine, PCBs and pesticides.

We certify that these are true and accurate results for this lot as reported by the manufacturer and an independent testing laboratory.

*Manufacturer's lot #V1511B / ISO 9001, 22000 and 14001 certified.
